

A High Level of Comfort and Convenience

3M™ Aura™ Particulate Respirator 9205+, N95

The 9205+ respirator combines comfort and convenience with its contoured nose panel and chin tab for ease of positioning, donning and adjustment. In addition, the Aura™ respirator design features an embossed top panel that helps reduce the potential fogging of eyewear from warm, moist exhaled airflow. This particulate respirator provides all these benefits in an individually wrapped package for your convenience and protection from contamination before use.

Features

Designed to direct exhaled air away from the nose panel

Embossed top panel helps reduce the potential fogging of eyewear from warm, moist exhaled airflow.

Sculpted top panel helps conform to nose and contours of the face and helps compatibility with eyewear.

Chin Tab

Designed for ease of positioning, donning and adjustment.

Flat-fold Design

Created for portability prior to use.

Individual Packaging

Helps protect the respirator from contamination before use.

This respirator can help reduce inhalation exposure to airborne biological particles. This respirator has not been FDA cleared as a surgical mask.

Potential Applications Include: Bagging, grinding, sanding, sawing, sweeping, woodworking and other dusty applications.

⚠ WARNING

These respirators help protect against certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134, including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. Misuse may result in sickness or death. For proper use, see packaging instructions, supervisor, or call 3M PSD Technical Service in U.S. at 1-800-243-4630 and in Canada at 1-800-267-4414.
